## Professional Summary

Full Stack Developer skilled in JavaScript, React.js, Node.js, Express.js, Firebase, MongoDB, HTML, and CSS. Strong in problem-solving and building responsive, user-centric web applications. Hands-on experience delivering fully functional, scalable projects with authentication, CRUD operations, and real-time features. Adaptable team player with strong communication skills, seeking to contribute to innovative software solutions.

## Education

**Masai School**

Feb 2025 – December 2025

*Full Stack Web Development Program*

Remote

**Anantha Lakshmi Institute of Technology & Sciences**

2021 – 2025

*Bachelor of Technology in Electronics and Communication Engineering*

Anantapur, Andhra Pradesh

## Technical Skills

**Languages:** JavaScript

**Frontend:** HTML, CSS, React.js

**Backend:** Node.js, Express.js

**Database:** Firebase, MongoDB

**Tools:** VS Code, Git, GitHub, Postman

**Concepts:** Data Structures & Algorithms, REST APIs

**Soft Skills:** Communication, Teamwork, Problem-Solving, Adaptability

## Projects

PropFinder - Property Listing Platform – [Live Demo](#) – [GitHub](#)

Aug 2025

- Built a responsive real-estate property listing web application using HTML, CSS, JavaScript, and Firebase and React.js to enable users to explore and filter listings efficiently.
- Implemented advanced property search with multi-criteria filters and detailed property views.
- Integrated secure Firebase authentication and user profile management.
- Added favourites management and property comparison features to support user decision-making.
- Implemented a contact form for direct inquiries to agents, backed by Firebase for submissions and notifications.

Planify - Travel Itinerary Planner Management Platform – [Live Demo](#) – [GitHub](#)

May 2025

- Built a Travel Itinerary Planner web application using HTML, CSS, JavaScript, and Firebase to help users plan and organise trips efficiently.
- Implemented trip creation, activity recommendations, packing checklist generation, and downloadable list features.
- Integrated Firebase authentication and real-time data storage for secure and seamless user experience.
- Designed a responsive and user-friendly interface for smooth navigation across devices.
- Added trip sharing functionality, enabling users to share and collaborate on travel plans.

## Certifications

- Lingua Skill English Test – Cambridge University, CEFR Level B1 (Nov 2023)
- MS Office – Mythri Ojas Academy (Sep 2023 – Oct 2023)
- Python – Michigan University through Coursera (Aug 2024 – Sep 2024)
- Corporate Immersion Program – ANKO Company (May 2025)
